# Discover our Xperion 6000 LED work lights

Philips Xperion 6000 LED work lights were conceived, engineered, and built for auto service professionals.

With their state-of-the-art Philips Xperion LED chips, incredibly rugged construction, and innovative features such as 360° rotating hooks, hinged light panels, and multiple illumination modes, these lights are designed to deliver years of reliable service and brilliant illumination in shop bays and anywhere superior lighting is needed.

The Philips Xperion 6000 LED work light line includes five hand-held lights, two flood projector lights, an under hood extendable lamp, a multi-dock charging station and a Find My Device accessory.\*\*

# Multi Dock Station

Docking station for charging multiple devices

The Philips Multi Dock Station is an accessory for the Xperion 6000 LED work lights. Placed on a table, it can charge two devices at a time or simply act as a storage point.

- LED indicator to show charging status
- Dedicated space for the Find My Device remote control
- Compatible with Philips Xperion 6000 UV Pillar, Pillar, Pocket and Slim

# Find My Device

A handy way to find misplaced devices

With the Philips Find My Device accessory, you can use the remote control to trigger an audible buzzer and a flashing light, to find most lost Philips Xperion 6000 devices. It works up to 32+ feet.

- Find My Device is sold separately for UV Pillar, Pillar, and Slim models
- Insert the plug-and-play chip into the work light's body
- Use the Find My Device to locate your misplaced Philips Xperion UV Pillar, Pillar, and Slim work lights
- Carry the remote control on your keychain or place it on the Philips Multi Dock Station
